

SWARTRAX FOR SF2

CONTENTS

This package contains the whole Swar Systems sound bank (voices) in the SoundFonts (SF2) format, over 2000 individual MIDI loops and a Librarian software to browse/audition them.

These items are stored in the following subfolders:

VOICES : Contains the voices in individual SF2 files, as well as combined in a single SF2 collection (Full lib/Swar.sf2)

SOFTWARE : Contains the Swar Librarian software setups for Windows and Mac OS X.

MIDI : Contains thousands of MIDI loops that can be used as individual arpeggios.

SWAR LIBRARIAN

SWARTRAX FOR SF2

Swar Librarian is standalone software that allows you to easily browse and audition a large quantity of loops. Once you find the loops you need you can simply drag & drop them onto any folder as a separate MIDI file.

INSTALLATION ON WINDOWS

Run the libsetup.exe installer located in the Software/Swar Librarian/Windows folder and follow the default instructions.

Once the installation completes, go to Start > Programs > Swar Systems and double-click on the Swar Librarian icon for the program to run.

INSTALLATION ON MAC OS X

Run the LIBSETUP installer located in the Software/Swar Librarian/Mac folder and follow the default instructions.

Once completed, go to Applications > Swar Librarian and double-click on the Swar Librarian icon.

USING THE LIBRARIAN

Once the Librarian is running, you will find all the information on how to use it in the online help that will pop up by clicking on the help icon marked as “?”.

SWARTRAX FOR SF2

EXPORTED MIDI FILES

If you prefer to browse the files within your keyboard or through a different program, you can also use the whole exported files structure that's included in the MIDI subfolder.
